JOB APPLICATION FORM USING ZOHO CREATOR

Name: KAMALI RJ

Register No.: 240701225

1. AIM

To design and develop a **Job Application Form using Zoho Creator** by using different Basic Fields to collect candidate details, job preferences, skills, experience, interview availability, cover letter, and background verification consent.

2. OBJECTIVE

The main objective is to create a simple and structured online job application form for collecting and managing candidate information. The form helps HR collect personal details, contact information, job preferences, experience, skills, joining date, interview time, cover letter, and consent for background verification.

3. JOB APPLICATION FORM

The application was created in **Zoho Creator** with the form name **Job_Application_Form**.

Section A – Personal Details: Candidate Name, Current Address, Contact Number.

Section B – Contact & Online Presence: Email Address, LinkedIn / Portfolio.

Section C – Job & Experience Details: Department Applied For, Employment Type Preferred, Years of Experience, Key Skills, Available Joining Date.

Section D – Interview Scheduling & Consent: Preferred Interview Time, Cover Letter, Background Verification Consent.

4. BASIC FIELDS USED

Basic Field	Form Field Name	Purpose
Name	Candidate_Firstname	Stores candidate's first and last name
Email	Email_Address	Collects candidate's email address
Address	Current_Address Contact_Number	Stores complete residential address
Phone	LinkedIn_Profile	Collects candidate's mobile number
Single Line	Cover_Letter	Stores LinkedIn or portfolio URL
Multi Line	Years_Of_Experience	Collects remarks about why the candidate is suitable
Number	Available_Joining_Date	Stores years of professional experience
Date	Preferred_Interview_Time	Stores earliest joining date
Time	Department_Applied_For	Stores preferred interview time
Drop Down	Employment_Type_PREFERRED	Allows selection of department
Radio	Key_Skills	Selects Full-Time, Part-Time or Internship
Multi Select	Background_Verification_Consent	Allows selection of multiple skills
Checkbox		Records background verification consent

5. FORM FIELD DETAILS

Candidate Name: The Name field collects the candidate's first and last name. Example: Arjun Kumar.

Email Address: The Email field collects a valid email address for communication and interview updates.

Current Address: The Address field collects address line, city/district, state/province, postal code and country.

Contact Number: The Phone field collects the candidate's Indian mobile number.

LinkedIn Profile: The Single Line field stores a LinkedIn or portfolio URL.

Cover Letter: The Multi Line field allows candidates to explain why they are suitable for the role.

Years of Experience: The Number field records the candidate's experience. The configured range is 0 to 40.

Available Joining Date: The Date field records the earliest joining date and does not allow past dates.

Preferred Interview Time: The Time field records the candidate's preferred interview slot.

Department Applied For: The Drop Down field is used to select a department.

Employment Type: The Radio field provides Full-Time, Part-Time and Internship options.

Key Skills: The Multi Select field in this form provides only **Java, SQL, Python and Communication**.

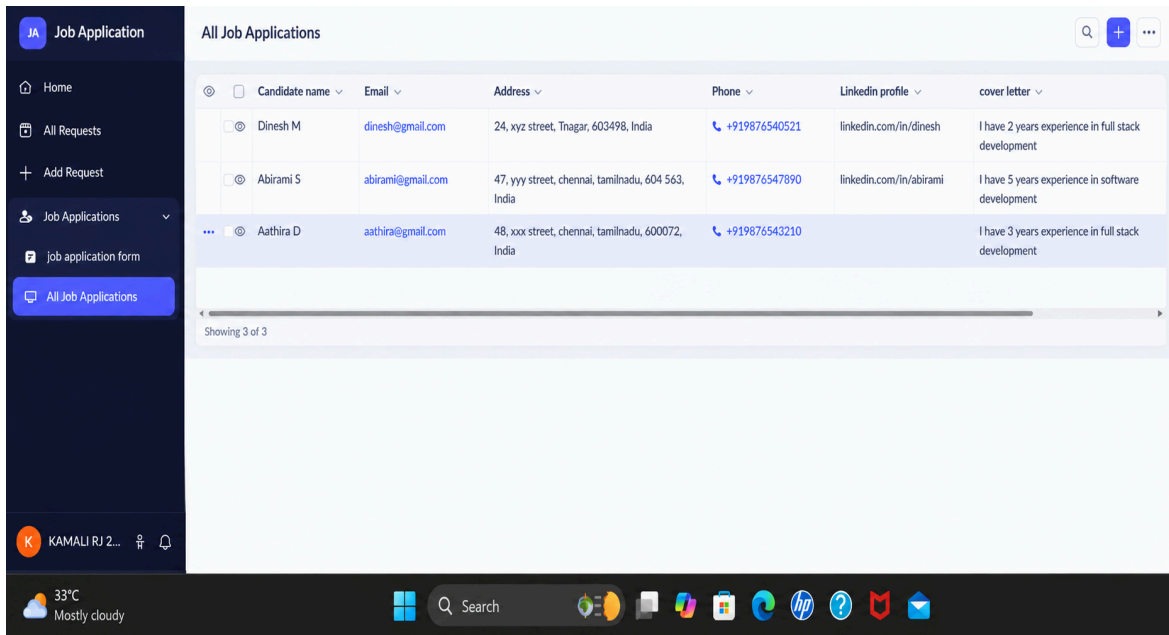

Background Verification Consent: The Checkbox records the candidate's agreement and must be checked before submission.

6. SAMPLE RECORDS

The screenshot shows the 'job application form' in a web application. The left sidebar contains navigation links: Home, All Requests, Add Request, Job Applications (expanded), job application form (selected), and All Job Applications. The main form area includes fields for: candidate name (First Name, Last Name), Email, Address (Address Line 1, Address Line 2, City / District, State / Province, Postal Code, Country), Phone (+91 81234 56789), LinkedIn profile, and cover letter. A 'Submit' button is at the bottom right. The bottom of the screen shows a Windows taskbar with a weather widget (33°C, Mostly cloudy) and various application icons.

The screenshot shows the 'job application form' in a web application, displaying the final state of the form. The left sidebar is identical to the previous screenshot. The main form area includes fields for: cover letter, years of experience (#####), Available joining date (dd-MMM-yyyy), preferred interview time (HH:mm:ss), Department applied for (-Select-), Employment type preferred (Full time, part time), key skills (-Select-), and Background communication (confirmed, not confirmed). A 'Submit' button is at the bottom right. The bottom of the screen shows a Windows taskbar with a weather widget (33°C, Mostly cloudy) and various application icons.

7. SAMPLE COVER LETTERS

	Candidate name	Email	Address	Phone	LinkedIn profile	cover letter
	Dinesh M	dinesh@gmail.com	24, xyz street, Tnagar, 603498, India	+919876540521	linkedin.com/in/dinesh	I have 2 years experience in full stack development
	Abirami S	abirami@gmail.com	47, yyy street, chennai, tamilnadu, 604 563, India	+919876547890	linkedin.com/in/abirami	I have 5 years experience in software development
	Aathira D	aathira@gmail.com	48, xox street, chennai, tamilnadu, 600072, India	+919876543210		I have 3 years experience in full stack development

8. REPORT VIEW

A report named **All Job Applications** was created to display submitted candidate records. The report can be used to view candidate details and manage applications.

9. VALIDATIONS USED

1. Candidate Name, Email, Phone, Department, Employment Type and Consent are mandatory.
2. Email format validation is enabled.
3. Indian country code is used for phone numbers.
4. Years of Experience is restricted to 0–40.
5. Available Joining Date does not allow past dates.
6. Background Verification Consent must be checked before submission.

10. RESULT

The Job Application Form was successfully created using Zoho Creator. The form collects candidate details, job preferences, experience, skills, interview details, cover letter and background verification consent. The submitted applications are displayed in the All Job Applications report.
